**TREVOR WORTH**

MANAGING DIRECTOR, PORTCULLIS LEGALS LTD

WHY DO YOU BELIEVE YOUR CHOSEN NOMINATION IS A CHAMPION?

Trevor is a leading light within the sector and is never afraid to set an example by leading and doing something different to everyone else, evident in his launch of the 4 day week at his firm. During 2022 he has established the Best Foundation, the UK's newest, forward thinking, self regulated, non profit Foundation for Estate Planning professionals.

Trevor has continued to support clients' needs which is heavily evidenced through the work Trevor has supported in the wider Plymouth area - including the development of the Home Park sleep out, which Trevor developed to raise money for homeless charities in the region. Trevor also provides in depth support for clients who are in need through providing heavily discounted or even free support for those in desperate need. Trevor enhances the reputation of the industry through heavy support of local enterprises. From developing a 'Shark tank' to support local entrepreneurs, to sponsoring local sports teams, to providing substantial time for free to support local students through Exeter and Plymouth university.

WHY SHOULD THE INDUSTRY VOTE FOR THIS INDIVIDUAL?

Trevor has influenced, supported and developed many members of the industry, and his position as an individual with high-standing within the industry illustrates the high esteem in which he is held.
